FIRE MARSHAL'S OFFICE

**John J. Bauserman**  
Deputy Chief/Fire Marshal  
Life Safety Division

**MEMORANDUM**

1080 Coverstone Drive  
Winchester, VA 22602

**TO:** Harvey E. Strawsnyder Jr., PE, Director of Public Works

**FROM:** John J. Bauserman, Deputy Chief/Fire Marshal, Life Safety Division 

**SUBJECT:** Proposed Fire Prevention Code Permit Requirements and Fee Schedule

**DATE:** August 20, 2014

The Frederick County Board of Supervisors adopted the Statewide Fire Prevention Code as the Frederick County Fire Prevention Ordinance on June 2012. This ordinance allows the Frederick County Fire Marshal's Office to adopt a life safety/fire prevention fee schedule for the purpose of assisting with inspection costs.

Per the Statewide Fire Prevention Code Section 107.15 Fee Schedule, the local governing body may establish a fee schedule. The schedule shall incorporate unit rates, which may be based on square footage, cubic footage, estimated cost of inspection or other appropriate criteria.

The primary focus of inspections that the Fire Marshal's Office currently conducts are concentrated towards businesses that are required to have an annual fire inspection to maintain compliance with state or federal agencies. Examples would be nursing homes, daycares, and public/private schools. We also do inspections on large life hazard occupancies, to include hotels, motels, and restaurants. While all of these inspections are important, there is a need to expand our inspection services to hazard manufacturing, hazardous materials usage and storage, in order for the Fire Marshal's Office to be aware of and track what is in the county. We feel by expanding our inspection services to include life safety/fire prevention operational permits that many area jurisdictions already require, we will improve the overall fire and life safety to our county citizens, visitors, firefighters and provide additional education to the business owners.

The Life Safety/Fire Prevention Code Permit in most cases will have a fee of \$50.00 which would cover the cost of an inspection and would be valid for one year unless otherwise noted and must be renewed annually. All identified hazards must be permitted and inspected, however only the highest hazard permit fee will be levied. If there are code violations a \$50.00 re-inspection fee will be imposed.

**Chapter 1  
Administration**

**107.2 Permits required.** Permits may be required by the fire official as permitted under the Statewide Fire Prevention code in accordance with Table 107.2, except that the fire official shall require permits for the manufacturing, storage, handling, use and sale of explosives. In accordance with Section 3301.2.3.1, an application for a permit to manufacture, store, handle, use, or sell explosives shall only be made by designated individual.

**MEMORANDUM****TO: Harvey E. Strawsnyder Jr., Director of Public Works****THRU: John S. Trenary, Building Code Official****FROM: Debbie Layman, Office Manager****SUBJECT: Office Assistant III – Full Time Position****DATE: August 19, 2014**

---

The Building Inspections Department is requesting approval to hire a full time Office Assistant III in our current FY14/15 budget to fulfill the duties that are currently being handled by part time employment.

The request to re-establish this full time position is due to the increase in permit activity that has shown fee increases of over \$75,000 the past three months (May, June & July) compared to the same period the previous year.

This position would start out at a 3 Range in the pay scale, with a B-level salary of \$25,921.44, plus approximately \$11,369.65 for benefits. The total amount to fund this position would be \$37,291.09. The Department was funded \$22,000 for part-time in FY14/15.

Thank you for consideration on this issue and noted below are the Departments revenue information from FY13/14.

Our projected revenue for FY13/14 was \$632,500;  
Revenue collected for FY13/14 was \$878,718;  
Surplus revenue for FY13/14 was \$246,218;
